Deal Between Governor
and Legislators Vetoed
by Attorney Gen.CAN'T TAKE JOBS CREATED
WHILE THEY ARE LEGISLATORSAll Offices Under Ban Be-
cause AH Salaries Have
Been Increased.Columbus, Feb. 12.—Political plans
whereby the state senate was to have
confirmed the appointment of certain
Democrats to state offices in return for
which Governor Cox was to name two
or more Republican members of the
legislature to important state posts,
were vetoed last night by a ruling by
Attorney General Price. It became
known today.Price pointed out to Republican and
Democratic leaders the deal a
constitutional provision which bars any
member of the general assembly from
accepting any state office, created by
the assembly of which they are a member
or accepting any of the emoluments
of an office for which the salary has
been increased by the assembly for one
year.The plan reported to have been
negotiated between the governor's
office and leaders of the assembly con-
templated the confirmation by the senate
of Representative James A. Reynolds
of Cleveland as a member of the board
of administration and A. W. Taylor,
state highway commissioner, both Demo-
crats, and whose confirmation had
previously been rejected. In return for
this act on the part of the senate Gov-
ernor Cox was to name two Republican
members of the board of adminis-
tration. Representative C. G. Taylor
of Newark, Speaker Carl R. Kinkead
of Madison, Lake county, and Senator
Thomas Busbey of Clark county were
being considered for Republican ap-
pointments on the board of adminis-
tration.When it was discovered that this
assembly had increased the salaries of
members of the board of administration
from \$4,000 to \$5,000 a year only last
week the constitutional question was
raised and Attorney General Price
ruled that members of the assembly
would be barred. This also ruled out
Representative Reynolds, who has al-
ready been appointed by Governor Cox.
Several members of the assembly are
said to have had their salaries in-
creased. The attorney general's ruling
in event of a vacancy on this commission
but this job will also be barred to
members of the assembly under Attorney
General Price's holding.Members of the assembly could not
even take a clerkship or job as el-
evator attendant under the ruling be-
cause the assembly has increased all
salaries of state employees.

RAISE FUNDS FOR Y. W. BY SELLING TAGS SATURDAY

Plan Is Determined Upon
Instead of General Soli-
citations of Funds—Need
of Service Is Shown.Saturday is to be Tag Day for the
National Y. W. C. A. in its campaign
for funds for national and foreign ser-
vice. The committee in charge of the
work has decided on this method of
securing funds and hopes to secure as
large a sum in this way as personal
solicitation would produce."Within the next few days," says a
statement issued by the publicity com-
mittee, "the people of Newark will be
asked to contribute to the Young Women's
Christian Association. That they will
contribute generously is not doubt-
ed since the city has always responded
promptly to the needs of the Y. W. C. A.""Few intelligent people doubted that
the end of the war would mark the be-
ginning of a most important reconstruc-
tion period and that enlarged oppor-
tunities would present themselves for
social service work. Raymond J. Robbins
says the next 30 years will condition
civilization for a thousand years to come.""Today there are 10,000,000 more
women in the world than man and in
the previous years have the women of
Europe and Asia advanced so far. In
Japan, in China and in India women
are crying for American leadership and
the Y. W. C. A. with its trained per-
sonnel and Christian ideal of service is
willing to assume the burden of supply-
ing and directing that leadership.""We who can not serve can give.
Small amounts will swell to amazing
proportions if all will share in the giv-
ing. Give cheerfully, remembering that
those who sold out for funds are giv-
ing far more than you—in time, in
hard work and in willing service."The local committee is composed of
the following women: Mrs. W. F. Tie-
man, Chairman; Mrs. Daisy Symons,
Vice-Chairman; Mrs. James Fitzgibbon,
Miss Susan Walker, Mrs. Max Norpell,
Miss Mary Wright, Miss Corinne Metz.

LEAPS INTO RIVER.

Cincinnati, Feb. 12.—An unidentified
man, about 35 years old, leaped from
a rail of the suspension bridge to death
in the Ohio river here today. A motor
man in charge of a Covington, Ky.,
street car saw the man leap from the
bridge. Search for the body is being
made in the river by the Cincinnati
and Covington police.

VAN WERT EDITOR DIES.

Van Wert, Feb. 12.—John H. Collins

yesterday. He had been ill three
weeks.

FLAME THROWERS, DESIGNED FOR FOE, MELT HUGE SNOW-DRIFTS

A squad of flame throwers in action on New York street.

Flame throwers similar to those
turned loose against the foe in the
war, were brought into play re-
cently to help free New York
streets of the towering snow-drifts
left by the storm. Pedestrians
who watched the soldiers handlingthe death-dealing devices got some
idea of their effectiveness against
man by the way in which they low-
ered high drifts in a few seconds.
The throwers, though, have to be
filled too frequently to make their
use on a large scale practical.War department officials took ad-
vantage of the experiment and sent
recruiting officers along with the
squad to help boost the drive for
75,000 recruits for the regular
army, now being conducted all over
the country.

REAL AMERICAN FOUND IN LINCOLN LANSING ASSERTS

He Forgot Self In His Devo-
tion to Country and To
Its Fundamental Princi-
ples.Washington, Feb. 12.—The American
people were advised today by Secretary
Lansing to find in the life of Abraham
Lincoln the inspiration to forget self
in devotion to country and to the fun-
damental national principles of liberty
and justice."The memory of Lincoln," said the
secretary of state, "of his humble
origin, of his attainment to the highest
honor in the gift of his fellow country-
men, of his unsurpassed service to the
republic and of his character as a man
and as a public servant is one of the
great spiritual assets of this nation.""It is in turning our thoughts to the
career of this great American that we
learn the true meaning of patriotism
and gain a true conception of the op-
portunities which America offers to
those who devote a part of the day to
the spread of teachings of the great
American. He is the typical
American for future generations, an
inspiration to us all to forget self in
devotion to our country and to the
eternal principles of liberty and of justice
which are the lifeblood of the nation."

LINCOLN'S BIRTHDAY IS LEGAL HOLIDAY

Columbus, Feb. 12.—All Ohio was ob-
serving Lincoln's birthday today for the
first time in the history of the state.
In accordance with the action of the
general assembly last year in putting
it in the class of legal holidays, all state
offices and banks were closed through-
out the day. Individual citizens, or-
ganizations and schools were in many
cases devoting a part of the day to a
discussion of the great American.
Many civic societies and welfare or-
ganizations which are engaged in the
recruiting campaign for teachers in
Ohio were pointing out the opportunity
to spread teachings of Lincoln and the
lessons of his life through the agency
of good teachers.

SCHOOLS AND BANKS OBSERVE ANNIVERSARY

Lincoln's birthday is being observed
by the schools of the city in a general
manner. The banks of the city are closed on account
of its being a legal holiday by special
act of the legislature. The court house
offices are open, as are other public
places and no special programs have
been arranged in honor of the natal
anniversary of the great emancipator.

SPREADS GOSPEL OF LINCOLN IN AMERICA

Cleveland, Feb. 12.—Closer co-op-
eration between employer and employee
and elimination of the misunderstanding
and animosity which have been the
result of the reconstruction
conference of the Lincoln American Al-
liance here today. About 300 business,
labor, political and university leaders
of the conference are attending.The conference will close with a ban-
quet tonight at which Major General
Wood, presidential candidate; Henry
Lane Wilson, former ambassador to
Mexico; Dr. John Wesley Hill, chan-
celler of the Lincoln Memorial University
at Cumberland Gap, Md., and others
will speak."We are trying to spread the gospel
of Lincoln, who stood for conciliation
and cooperation in all lines of Ameri-
can endeavor," Dr. Hill declared.
Today a conference is the first of a
series to be held in all sections of the
country for which we have adopted
the slogan "Lincolnize America."Rev. A. R. Stabler of Canton deliv-
ered the invocation for the conference
at this morning's meeting.
Other speakers this morning were W.
C. Pitts of New York, former first as-
sistant United States attorney general, al-President of the alliance, who explained
the conference purposes; Dr. W. H.
Parker, University of Cincinnati; and
W. E. Wells of East Liverpool, O.
L. W. Litchfield of Albany and Con-
gressman Rogers McCullough were in-
cluded to speak at this afternoon's ses-
sion and Federal Judge John M. Kil-
lits and Thomas F. Turner of Canton at
tonight's meeting.

POLICE SHOOT TWO IN RECOVERING LOOT

Cleveland, Feb. 12.—Two men were
shot and one of them captured early
this morning in recovery of a \$1000
worth of silverware, jewelry and rugs
believed to be part of more than \$20,000
in goods stolen from summer homes
west of there recently. The shooting
was done by detectives when two men
whom they tried to arrest as they en-
tered a garage where the goods were
stored, tried to escape. One man was
shot in the thigh and the other escaped.
Blood drops showed he too had been
hit.

GABY DESLYS, KING'S FRIEND IS DEAD

Paris, Feb. 12.—Gabry Deslys, the
French actress and dancer, died yester-
day. She recently had undergone sev-
eral operations for an infection of the
throat and the name of Gabry Deslys be-
came known after former King Manu-
el of Portugal displayed his infatuation
for her some years ago.
The throat affection from which the
actress suffered is said to have been a
complication of influenza.

HOLD WHYDE FOR INVESTIGATION

Watch and Ring Paid For
With Stolen Bottle Com-
pany Checks Found in
His Possession.Brady Whyde, 25, is being held at
the county jail pending connection
with the theft of the pay checks at the
American Bottle company plant Satur-
day and which amounted to over \$1,500.
When the theft was reported to Po-
lice Chief James Sheridan he immedi-
ately began an investigation and later
discovered that Whyde had been seen in
the neighborhood on that morning and he
issued instructions to his patrolmen
to bring him in.This morning Patrolman T. H. Stew-
art found Whyde in East Main street
and picked him up. When searched at
the patrol station he had a watch
purchased of Haynes Brothers last
Saturday afternoon, for which one of
the stolen checks was tendered and he
carried the amount being \$45.25. Mr.
Haynes gave the purchaser \$34.25 in
change, the watch costing \$30. Haynes
today identified the watch found on
Whyde as the one he sold.Whyde was locked up in the county
jail and Patrolman Wm. Hinger,
James Donnell, and Stewart went to
the Whyde home in Shamp's court and
Mrs. Whyde gave them a ring which she
said that had been left there by her
husband. The ring was identified by
Yungling Jewell as one which had
been purchased last Saturday after-
noon, an American Bottle company
check for \$42 being given in payment.
The ring was valued at \$21 and the dif-
ference in money was given, the check
afterwards proving to be one of those
stolen from the American Bottle com-
pany office.Messrs. Haynes and Yungling will be
taken to the county jail later by Chief
Sheridan in an attempt to get the check
as the one presenting the check in
payment for the watch and ring. Chief
Sheridan is confined to his home
today with a threatened attack of the
grip and the effort at identification
will not be made until he recovers.

WANT INCOME TAX APPEAL BOARD

Columbus, Feb. 12.—A committee rep-
resenting the Ohio State Bar associa-
tion and Ohio Business men called on
D. C. Roper, internal revenue com-
missioner at Washington yesterday to
urge the creation of an income tax
appeal board, to be located at Cleve-
land. Senator Pomeroy was urged to
support the proposal in a telegram
from C. E. Ransdell, Columbus
secretary of the State Bar association.
The bar association at its recent con-
vention in Dayton endorsed the propos-
al.

30TH STATE HAS O. K.'D SUFFRAGE; NEED SIX MORE

Result Is In Doubt as There
Are Nine More States to
Be Heard From on the
Amendment.Boise, Idaho, Feb. 12.—Idaho's legis-
lature, in special session yesterday, rat-
ified the woman's suffrage amendment
to the national constitution by large
majorities in both houses. In the sen-
ate the vote was 29 to 9, with six mem-
bers absent or not voting. Idaho is
the thirteenth state to ratify.Washington, Feb. 12.—The federal
suffrage amendment giving women the
right to vote in national elections is
trailing in the balance. Needing for
ratification purposes six more states
out of a total of 9 yet to be heard from
—and several of these doubtful—it is
beginning to look as if only the heroic
intervention of one or both of the big
parties can save the measure from de-
feat insofar as the 1920 presidential
election is concerned.This intervention, it is believed here,
may ultimately come about for with
woman suffrage generally considered
eventually inescapable and with some
sixteen million votes dependent thereon,
male politicians here are prepared to
resort to drastic measures to pre-
vent their particular party from having
to bear the blame of defeating the
measure.Today Arizona's legislature in spe-
cial session will vote for or against the
amendment.On Monday, New Mexico will follow
suit, and though none of these states is
considered a certainty, the national
woman's party here is hopeful. Okla-
homa probably will vote next. Governor
Robertson of that state having been
urged to call a special session of the
legislature for February 23, at which
Okla. has already adopted woman suf-
frage, it is believed she will ratify the
federal amendment.Maryland's legislature, it is an-
nounced, is in regular session this
month and is expected to ratify, but as
to the remaining states—Connecticut,
Vermont, Delaware, West Virginia and
Washington—the future is very hazy.
In some of the states the governors
are opposed to the amendment and ne-
cessary to pass upon it.

WOULD LEGALIZE FIVE PER CENT BEER IN U. S.

Washington, Feb. 12.—Representative
William S. Vare (Rep.) of Philadelphia
announced yesterday that he favored
legalizing manufacture and sale of beer
containing not more than five per cent
of alcohol. He is now chairman of the
United States shipping board.
Mr. Payne will take over his new
duties March 1, when Mr. Lane, suc-
cessor as chairman of the shipping board,
will have been announced.
Before becoming chairman of the
shipping board on August 7, 1919, Mr.
Payne was general counsel of the rail-
road administration and before that he
was general counsel of the Commerce
Department. He is a native of
Virginia and is 65 years old. His home
is in Chicago.

STATE FAIR TO RUN SIX DAYS THIS YEAR

Columbus, Feb. 12.—Ohio will have
a six day state fair this year. The
dates are August 20, 21 and September
1, 2, 3 and 4. The state board of agri-
culture also has accepted the offer of
the Ohio Shorthorn Cattle Breeders
Association to donate \$5,000 in prem-
iums in the Shorthorn class provided
the state set aside a similar amount.
The board allowed many claims of
farmers for tubercular cattle killed.

WETS MAKE GAIN.

Columbus, Feb. 12.—Wets gained 16
votes in today's recount on the federal
prohibition bringing the wet majority
to 216. The gain was made in Cleve-
land precincts.

LEGISLATURE HAS ADJOURNED; BILLS ARE FINISHED UP

Little Business Transacted
During Closing Hours
of Longest Session.FAILS IN EFFORT TO CALL
UTILITIES MEASURE BACKCold Storage Law Is Allow-
ed to Stand as Passed
by Legislature.Columbus, Feb. 12.—The general as-
sembly adjourned a few minutes before mid-
night last night completed its work in
the longest legislative session of the
state's history and adjourned without
date. It is not expected that Governor
Cox will call the assembly together in
special session.Very little was done during the clos-
ing hours except the signing of bills by
the presiding officers. No effort was
made to reconsider the Smith cold stor-
age bill which some attorneys claim
contains a provision which will prac-
tically nullify the intent of the law.
W. S. Peeler, executive clerk to the
governor who carefully peruses all bills
before they are presented to the chief
executive for approval, says the bill
is all right and will not weaken any of
the present provisions of the law.Two attempts were made by Senator
Heebe of Morrow county to bring about
reconsideration of the Evans utilities
bill which was alleged by some to con-
tain a "sleeper" that would give the
state public utilities commission au-
thority to fix rates for all utilities in-
dependent of franchises. However,
the attempt failed. Two members of the
utilities commission are said to have in-
formed Governor Cox that the supposed
"sleeper" does not exist. Representa-
tive Evans author of the measure, said
he did not think the bill contained any
provisions to cause alarm.Provisions for paying state employes
the increased salaries for the full 18
months period or until another legisla-
ture can appropriate their salaries was
made through the enactment of a sup-
plementary salary bill carrying \$170,000
additional. The original salary increase
appropriation bill provided only for
one year.

PRESIDENT WILL CALL NEXT CABINET SESSION

Washington, Feb. 12.—The next
meeting of the cabinet will be called
and presided over by President Wilson.
Secretary Lansing who has been in-
suing the calls for the meetings for
several months, said today he had
received word from the president that
there would be no more regular sessions
of the president's official family for the
present. He would offer no explana-
tion, but it was understood that his let-
ter was written by direction of Mr.
Wilson.Throughout the president's illness
the cabinet has met regularly and
when the coal strike situation became
acute the meetings were increased from
one to two weekly. There was no meet-
ing yesterday and none will be held to-
morrow.For several weeks now the president
has been taking more and more of a
hand in the conduct of official business.
Secretary Tumulty said today he had
never seen Mr. Wilson looking better.

ILLINOIS MAN TAKES LANE'S CABINET JOB

Washington, Feb. 12.—John Burton
Payne of Illinois has been selected by
President Wilson to be secretary of
the Interstate Commerce Commission.
Mr. Payne is now chairman of the
United States shipping board.Mr. Payne will take over his new
duties March 1, when Mr. Lane, suc-
cessor as chairman of the shipping board,
will have been announced.Before becoming chairman of the
shipping board on August 7, 1919, Mr.
Payne was general counsel of the rail-
road administration and before that he

WILSON OUT OF IT EXPERTS DECLARE

Washington, Feb. 12.—That Presi-
dent Wilson definitely is "out of it,"
according to a possibility for a third
democratic nomination for the presi-
dency appeared to be the prevailing
opinion in administration circles, fol-
lowing the publication of the statement
of Dr. Hugh H. Keenan of Baltimore
last evening, Mr. Wilson's physical
condition.Even if there were no other factors,
it was said, the chief executive's health
would prevent a third term. The ad-
ministration had been suffering from
several congestions, followed by paral-
ysis of the left side. It was said, un-
doubtedly means that under no cir-
cumstances could he be expected to make
the fight for election that would be
necessary if he were nominated, an
unusual activity might endanger his
life.A. L. NORTON RALLIES;
CONDITION CRITICALThe condition of A. L. Norton is re-
garded as extremely critical. He was
taken to the City Hospital yesterday
and during the night his life was in
jeopardy. Both his father and mother
have been called here. Late this after-
noon he rallied slightly and recognized
his mother.

WILSON WILL MEET RAIL LEADERS FOR WAGE CONFERENCE

DIRECTOR GENERAL HINES WILL INDICATE REP-
RESENTATIVES TO BE INVITED TO
WHITE HOUSE FRIDAY.

MEETING WILL TAKE PLACE IN SOUTH DURING WILSON'S RECREATION HOUR

President Will Study Hines' Report on Wage Nego-
tiation Before Meeting Brotherhood Representatives—
Director General Has Conference With Secretary
Tumulty.Washington, Feb. 12.—President Wilson will have a personal
conference tomorrow with three representatives of the railroad
brotherhoods to discuss the wage demands of the 2,000,000 railroad
employees which are to be referred to him today by Director General
Hines.Selection of their spokesmen was left by the president to the
union representatives, who chose B. M. Jewell, acting president of the
railroad employees department of the American Federation of Labor;
W. J. Manion, president of the Order of Railway Telegraphers, and
Timothy Shea, acting president of the Brotherhood of Firemen and
Engineers.It was said at the White House that
the president had been giving the rail-
road situation serious thought for
several days and that it was his own sug-
gestion that he see the union men.
He was understood to have felt that he
could handle the situation better if he
saw the representatives personally.
The union leaders will see the presi-
dent on the south lawn at the White
House, where Mr. Wilson spends a por-
tion of each morning. Before meeting
the brotherhood officials the president
will study in detail the report on the
wage negotiations which Mr. Hines will
submit through Secretary Tumulty.The director general was in morning
suits and returned to his office to com-
plete his memorandum for the presi-
dent who will be asked to make the final
decision on the demands presented by
the railroad workers nearly a year ago.
Mr. Hines' memorandum, which was
sent to the White House shortly before
noon, was understood to have embodied
the claims and arguments of the union
officials with whom he has been con-
sulting since February 3. While rail-
road administration officials and union
officials apparently were in line on
the situation as presented, White
House officials expressed concern at
the gravity of the problems presented.
Without disclosing what these ques-
tions were, it was declared that the
general public did not realize the serious
nature of the issues involved.Union officials, with the exception
of maintenance of way employees, and
the Brotherhood of Railway Trainmen,
apparently were willing to leave the
case in the hands of the president.
While the situation as presented, White
House officials expressed concern at
the gravity of the problems presented.
Without disclosing what these ques-
tions were, it was declared that the
general public did not realize the serious
nature of the issues involved.Mr. Hines has made a tentative ap-
pointment for this afternoon with J. B.
Malloy, vice president of the Brotherhood
of Maintenance of Way employees
and the Brotherhood of Railway Trainmen,
to discuss the situation as presented.
He is expected to return to the White
House tomorrow.W. G. Lee, president of the Brother-
hood of Railway Trainmen, also was
expected to be present. He is expected
to discuss the situation as presented.
He is expected to return to the White
House tomorrow.The action of Mr. Lee admittedly is
giving the director official concern.
While his representatives have partici-
pated in all sessions of the general
conference, Mr. Lee contended his or-
ganization had reserved the right to
press its grievances for adjustment
separately. He declined to add to his
statement of yesterday which asserted
the trainmen had waited sufficiently
long for the government to force down
living costs.Statements setting forth the views of
both sides in the controversy—giving
the reasons why the union demand-
ed an immediate increase in wages and
the other explaining why Director Gen-
eral Hines could not agree to such in-
crease on the eve of the turning back
of the railroads to private ownership—
will be made at the conference. Whether
the views of Director General Hines
or decides that the demands of the
employees are just and should be grant-
ed, the opinion was expressed that a
settlement final would be made through
the machinery to be set up by legisla-
tion now pending which will govern the
return of the rail properties to their
former owners.As prepared for presentation to the
White House the statements did not
include the separate grievances of the
Brotherhood of Railway Trainmen and
Mr. Hines arranged to confer further
today with W. G. Lee, president of that
organization.Likewise, Mr. Hines will confer with
a committee representing the Mainte-
nance of Way Employees whose officers
have called a strike to become effective
February 17.
The action of the maintenance of way
men in calling a strike has not been
understood by railroad administrationThe condition of City Solicitor Henry
C. Ashcraft is slightly improved this
afternoon. He has been critically ill
with pneumonia at his home in Flary
avenue.

RAIL CONTROL LAW TO BE APPROVED PROMPTLY

Washington, Feb. 12.—While some op-
position to the railroad bill as finally
agreed upon in conference has devel-
oped, the Senate and House leaders
dictated today that the conference report
on the measure would be promptly
adopted so that the legislation would be
on the statute books before the roads
are returned to private control March 1.
Senate provisions to which there was
report is now being made and it will be
presented to the senate Saturday or
Monday. The house expects to take
the report up Monday or Tuesday at the
latest and leaders said today it would
be passed in two days.Chairman Esch, of the house inter-
state commerce committee one of the
authors of the railroad bill and other
leaders expressed confidence that op-
position by house Democrats would not
delay passage of the measure.
They based their prediction upon the
fact that the bill as rewritten in con-
ference is substantially the same as the
Esch bill recently passed by the house.
Senate provisions to which there was
objection, continuing the anti-strike
section, creation of a transportation
board and compulsory consolidations
were stricken out in conference. The
Esch bill recently passed by the house.
Senate provisions to which there was

board and compulsory consolidations
were stricken out in conference. The
Esch bill recently passed by the house."With the time already fixed by Presi-
dent Wilson for return of the roads
and the widespread demand from the
people that they be handed back,"
Chairman Esch said today, "failure to
enact necessary legislation before
March 1 would be disastrous. I am
satisfied, however, that the house will
adopt the conference report without
delay."

SCOUTS CLEAN WALKS AROUND COURT HOUSE

Shovels and Brooms Pre-
sented By Young Ameri-
cans Quickly Remove Ice
and Sawdust.Boy Scouts of Newark yesterday
cleaned the approaches to the court
house and the walks along the Third
street side of the park. The boys
one of the "good turns" which all Boy
Scouts are pledged to do daily, and this
was decided upon as a good turn to the
community in general.
The walks and the approaches to the
court house had been covered with saw-
dust to make them safe for pedestrians.
Scouts with shovels and brooms went to
work after school Wednesday and in a
short time the approaches were clean.
The boys then started in on the walks
around the park and succeeded in clean-
ing the Third street side before dark.
They were supervised by Scout Executive K. L.
Brown and several of the scouts.

SOLICITOR ASHCRAFT SLIGHTLY IMPROVED

TWILIGHT LEAGUE HERE WAS BEST CRIESER ASSERTS

Industrial Secretary Compares Data With Other Towns To Show Why Newark Was Leader.

"Other towns have had base ball leagues, but none, size being considered, can boast of a season such as Newark enjoyed last year under the direction of the industrial department of the Y. M. C. A.," declared W. L. Crieser, industrial secretary of the Y. M. C. A. Crieser has had opportunity to learn of leagues conducted last year in a number of cities of the state and is in a position to know some of the facts concerning the reason for the success of the 1919 base ball season. He said: "First, and most important, success was due to the fact that the games were played in the evening after the supper hour. No Saturday afternoon or Saturday evening games were considered. "Second. All the games were played on the same base ball field which was centrally located. "Third. The league had the support of the largest industries in town. "Fourth. Clean sportsmanship was insisted upon. "Fifth. The games opened as scheduled and closed on the set date. "Sixth. There were no post-season games in the schedule. All postponed games were played off on the open nights, Tuesday and Wednesday. "Seventh. The league winner was not decided until the last week of play. "Eighth. The winners played the last scheduled game at which time it was appropriate to make a public presentation of the trophy. "Ninth. The success of this year's league will depend on how well the new league can follow out the points of last year. A good meeting of the base ball representatives of the various factories in Newark is expected next Wednesday night at the Y. M. C. A.

YANK DESTROYER IS REPORTED IN DISTRESS

Constantinople, Tuesday, Feb. 10.—The American destroyer Talbot, was reported today in distress near Serpent's Island in the Black Sea. It is thought, however, that the report may refer to the Talbot's standing by the British cruiser Ceres, which is towing a tanker and two tugs loaded with refugees from Odessa toward Constantinople. Rumors, under bad weather conditions. A blizzard is general over the Black Sea. The Russian steamer Gregorieff, ran aground near the Kila life saving station at the Black Sea entrance to the Bosphorus. One hundred and fifty of her passengers were rescued in the raging storm by means of a line landed from the ship by a rocket, and efforts are continuing for the rescue of the 200 remaining passengers and crew.

KOLCHAK EXECUTED TO PREVENT HIS RESCUE

London, Feb. 12.—Admiral Kolchak was executed by his own troops to prevent his rescue by white troops moving in the direction of Irkutsk for that purpose, according to a Copenhagen dispatch to The Herald. The Moscow soviet sent a wireless message, asking his captors to spare his life, but the appeal was too late. The Moscow wireless service on January 31 transmitted an extract from an article from the official Bolshevik organ, Pravda, which stated that "Only a few days ago Supreme Ruler Kolchak was hoisted on his soldiers' bayonets."

PNEUMONIA CLAIMS NEWARK SALESMAN

Word was received at noon today of the death of John W. Evans, at Chicago, death resulting from pneumonia. He was traveling for the E. T. Rugs company and his illness was not known to his family until Wednesday when a telegram came telling of his serious illness. Mrs. Evans left at once for Chicago. The word of his death this morning came today. He was the son of the late David Evans, the tailor, and is survived by his wife and one daughter, Virginia, aged 6. He was 37 years old and resided at 472 North Fourth street. Mr. Evans was affiliated with the Acme Lodge of Masons. The body will arrive in Newark at 3:30 o'clock Friday morning. No arrangements have been made for the funeral.

GOOD ROAD MEETING IS SUCCESS; 100 PER CENT

County Superintendent of Highways Clyde W. Irwin was being congratulated today for the splendid good roads meeting held in the assembly room of the court house yesterday. All the townships in the county but three were represented by the trustees and over 100 were present. Moving pictures of good roads were shown, dating from the Old Indian trail up to the present time. The afternoon session was devoted to a discussion of the advantages of good roads and Irwin addressed the assemblage on road building, speaking for a half hour.

EIGHTY-THREE DIE OF FLU. Youngstown, Feb. 12.—Eighty-three deaths from pneumonia and 42 from influenza have been reported to the board of health here since January 25. It was announced today. The epidemic is decreasing however, and officials believe that the present mark of 535 cases is the peak.

PLANT IS GUTTED. Alliance, Feb. 12.—Fire destroyed the Alliance Brass and Bronze factory here today. The fire originated in the boiler room and before it was gotten under control the factory was completely gutted, only the pattern room and office being saved. The loss is estimated at \$15,000.

COUNTY SUPT. NAMED. Jefferson, Feb. 12.—C. D. Groves, Or., well, at a meeting of the county board of education here yesterday, was chosen to succeed H. D. Clarke as county superintendent of schools of Ashland county. Mr. Clarke had resigned some time ago. Mr. Groves had been a district superintendent for over five years.

TO HAVE LABOR PAPER. Washington, Feb. 12.—After March 1, labor unions here will have their own newspaper which will support itself without regard to advertising. The United Labor Congress has approved plans for taking over the Labor Record, now under private management. It will be financed by stock and subscriptions from the various unions.

West African Superstition.

In West Africa it is not unusual to see a native crouched over a stream talking to the "Spirit of the Water," and in that country, too, the traveler is unwise who looks behind him at any sudden sound, for he will probably be held a native with the Fanguese charm, and will see him beat with a bamboo hammer upon a tiny drum held above a live animal. As the traveler looks around the charm is struck, and it is the belief of the natives that, whatever part of the animal is injured, the human victim will suffer in the same region.

Irresistible in Business.

"The good-natured man with a well-balanced mind is irresistible in business; he goes around flashing his cheerfulness to right and left unconsciously. He does not need to be easy to be good natured. He can be firm in his convictions, and immovable from his principles, and yet he can assert himself in that quiet, sincere way which wins the respect even of his opponents."—From The Northwestern Buzzer, published by Northwestern Electric Equipment company, St. Paul, Minn.

Men of Esprit.

There are men of esprit who are excessively exhausting to some people. They are the talkers who have what may be called jerky minds. Their thoughts do not run in the natural order of sequence. They say bright things on all possible subjects, but their zigzags rack you to death. After a jolting half hour with one of these jerky companions, talking with a dull friend affords relief. It is like taking the cat in your lap after holding a squirrel.—O. W. Holmes.

No Shoes for Traveling.

A few of my friends and I went to a station nearby to camp and pick blueberries. On the first day, while traveling through swamp land, our feet became wet. That night I built a fire and placed my shoes and socks on a log near the fire, intending to watch them until they dried. I fell asleep and my footwear burned. The next day I went home on the train, barefooted, to the amusement of all the passengers.—Chicago Tribune.

Music Turns Itself.

Stopping to turn a stubborn page, the musician not infrequently finds the effect of his performance spoiled by an awkward pause. From France now comes an invention which will obviate this annoyance, says Popular Mechanics Magazine. The music is written, not on pages, but on a long strip, as is the practice with music for the player piano. Placed on motor-driven rolls, the music passes before the eyes of the player at any desired speed. The controlling lever is conveniently placed at one side.

HOOVER BORN NEAR DAYTON, HE ASSERTS

Columbus, Feb. 12.—Herbert C. Hoover, who may be a candidate for president of the United States, is an Ohio man. This information came to the capital yesterday from Los Angeles, Cal.

It was forwarded by R. B. Hoover, a resident of that city who, in February, 1916, sent to the famous food administrator a letter in London wherein it was stated that Senator James A. Reed, of Missouri, had asserted that he was an Englishman.

In response the Los Angeles Hoover received this information: "I, of course, am an American or I could not be at the head of an American institution. I was born in West Branch, Ohio."

LAUGHING into the gazetteer the recipient of the letter discovered that this point is in Miami county. In his communication, which was addressed to Governor James M. Cox, the Los Angeles man asks: "How would it do to have the candidates of both parties, from old Buckeye? She still is in line to be the mother of Presidents."

Signifies Intense Imagination.

In numerous types of handwriting the manner of throwing the looped ts, is and other long letters to excess above the line become the most striking feature, one which catches the eye immediately. Whenever this formation appears it symbolizes the existence of a startling, vivid, intense imagination, which gives the writer a mental trend which will overbalance other qualities and produce the effect of high nervous tension and a lack of poise.

Cocoon Oil Makes A Splendid Shampoo

If you want to keep your hair in good condition, be careful what you wash it with.

Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and is very harmful. Multisided cocoon oil shampoo (which is pure and entirely greaseless), is much better than anything else you can use for shampooing, as this can't possibly injure the hair.

Simply massage your hair with water and rub it in. One or two teaspoonfuls will make an abundance of rich, creamy lather, and cleanses the hair and scalp thoroughly. The lather rinses out easily and removes every particle of dirt, dust, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves it fine and silky, bright, fluffy and easy to manage.

You can get Multisided cocoon oil shampoo at most any drug store. It is very cheap, and a few ounces is enough to last everyone in the family for months.

NOTED CORRESPONDENT WRITES TERRIFIC INDICTMENT AGAINST BOSS CONTROLLED LEGISLATURE

Columbus, O., Feb. 11.—Denunciation of the majority membership and control of the general assembly, appearing in the Columbus Citizen, independent, and written by its noted legislative and war correspondent, C. C. Lyon, is today the talk of the Ohio capital in that it reflects the attitude of the people of Ohio generally.

Mr. Lyon shows that every great interest in Ohio got what it wanted while the people's needs were ignored. The bosses ruled. The public utility companies were dominant factors. Peanut politics supplanted performance and the legislature has adjourned after the longest period of sessions and recesses in Ohio's history without doing a single one of the important things for which it was elected. No public body in Ohio in many years has ever been charged with an offense so serious. Mr. Lyon says:

"On every hand today there is heard expressed the hope that Ohio will not soon again be burdened with another legislature like the one that just adjourned sine die Thursday night."

"Through a technical detail the assembly will not actually adjourn until next Wednesday. A quorum of both houses must be here then so that 100 bills, not signed by the presiding officers of the two houses, may be signed. The adjournment resolution will become effective when the bills have been signed."

"The session, which lasted 13 months, resulted in virtual failure on every big legislative problem that was tackled. The result is that practically every important group or interest, except the public utility companies, is dissatisfied."

"Labor is sore, the farmers, the drays, the tobacco dealers, supporters of the initiative and referendum, friends of civil service, friends of better public health, thousands of underpaid state employees and, above all, hundreds of thousands of taxpayers—they're all knocking the legislature."

Peanut Politics Blamed. "Continual bickering, dissension and peanut politics characterized the session."

"As the public generally is well aware, the biggest cause of failure was the action of the Republican majorities in house and senate delegating to members of the Republican state advisory committee the job of mapping out and directing the legislative program. Individual legislators had little or nothing to say about what should be done. Practically every big problem was considered from the standpoint of party expediency, and the Democratic minority could sit back and with glee throw monkey wrenches into the Republican plans and make all the trouble possible."

Three Held Whip. "The direction of legislation was largely in the hands of three men, who had no official connection with the legislature: Harry M. Daugherty, public utility lawyer of Columbus; George Clark, a Canton lawyer, and Ed M. Fullington, professional politician, Columbus."

"These men decided the Republican party must have 'a labor record' on which to go before the labor element in the campaign this fall. But the Republican state organization found itself bound by many strong ties to the big manufacturing and business interests that didn't want any real laws passed for the laboring people."

"The result was a straddle. The miners were given a washroom law and stricter regulation of electricity about the mines; the streetcar motormen got their vestibules heated; women were prohibited from working in molding rooms, and all employers hiring more than five persons were required to contribute to the workmen's compensation fund."

Nothing Worth White. "But the Republican leaders, in and out of the legislature, saw to it that no really big labor bills got through. They skillfully sidetracked the State Federation of Labor's two pet measures: Old age pensions and compensation awards for occupational diseases."

"The big liability companies that for years have been knifing the state compensation fund and today are hoping to secure control eventually of the state industrial commission, wanted divided responsibility in the matter of appointing members of the commission. The result was the law, fathered by Senator Miller of Zanesville, requiring the senate to confirm the governor's appointments to the commission."

"The thing next to the farmers' heart was legislation that would take some of the tax burden off real estate and homes and placed on the fifteen billions of intangible property in the state. But the big financial interests fought tooth and nail against every effort to tax intangibles. The

Governor Edwards, of New Jersey, has started a Home Rule movement that will in the course of time make that in Ireland look like a joke.—Rochester Herald.

Read Advocate Want Ads tonight.

result was intangibles will continue to escape taxation while heavier burdens will be borne by farms and homes."

Changed Plans Frequently. "No less than seven times during the session the Republicans, dictated to by the Republican state advisory committee, changed their taxation program. Four times they tried to pass a state income tax law and failed. Finally they passed the Gardner law, which permits political subdivisions, by a majority vote, to disregard the Smith 1 per cent tax limit law."

"Politicians got pretty much what they wanted from this legislature. Supreme court and court of appeal judges each got \$2,000 a year increase in pay, but the hundreds of state employees who work for from \$600 to \$2,400 a year got only from \$10 to \$20 a month increase."

"Members of the state board of administration each got \$1,000 a year increase; the state bank superintendent was jumped from \$5,000 to \$7,500 a year; county auditors had their terms extended for two years, and hereafter have four-year terms; county commissioners got four-year terms, while the senate gave the state school superintendent an increase from \$4,000 to \$7,500 a year, but the bill failed to get through the house."

Make Public Pay. "Many millions of additional taxes will be taken from the pockets of the people through 'busting' the Smith law, and from the increased automobile license taxes, the direct inheritance tax, the additional levy for good roads and heavier taxes on cigarettes and stock issues of corporations."

"Interests that wanted things done—either legislation passed to benefit themselves or bills killed that affected them adversely—paid little attention to the house. It was in the senate where the legislative machine ran smoothest."

"The session developed several outstanding leaders. Principal among these were Senator Busbey of Clark county and Senator Whittemore of Summit county, and to a lesser degree, Lieutenant Governor Brown."

"Busbey and Whittemore towered above all their fellows in the senate when it came to skilled manipulation of legislation. They distinguished themselves by the tireless vigil that they kept on legislation that interested public utilities. Sick and shifty politicians, these two senators were able to create an impression that they were on the side of the people, but generally when the smoke cleared away it would be found that they had outsmarted the champions of the people and had succeeded in shaping the legislation to the liking of the utility corporations."

Fought For Interests. "Busbey led against all legislation aimed at municipal ownership. It is largely due to his work that the Brush bill, to give Ohio cities, and particularly Toledo, the right to operate and control local streetcar lines, was killed. At the same time he engineered the passage of the Evans bill in a shape that permits interurban companies to nullify franchise made with counties and get increased fares through the state utilities commission."

"Utility corporation men are now booming him for congress in the Springfield district. "Whittemore's position as Republican floor leader in the senate gave him added prestige and power when it came to suppression of legislation that big utilities and corporations did not like. And when he and Busbey finally had themselves appointed a committee to make up the senate calendar and to dictate absolutely what bills should come up for a vote, their power was well nigh complete and every senator found himself knowing to them if he wished his pet bills to come to a vote."

Brown Backed Them. "Whittemore and Busbey had with them Lieutenant Governor Clarence Brown. With Brown's backing and making the rulings the Whittemore-Busbey combination was able to carry through almost any parliamentary program. Brown's conduct throughout the session was a distinct disappointment to his friends. He's the youngest lieutenant governor Ohio has had and he gave promise of big things until he took the wrong 'slant' on legislative matters. Lately his attitude seemed to be that he could advance himself faster in politics by joining with the utility ring and playing their game. The truth is they used him whenever they could, but now some of the utility lobbyists are saying it would be a mistake for the party to give him a re-nomination because of the enemies his legislative course has created."

Poultry losses from the war in Europe reduced the number of hens in the warring country more than 100,000,000. In Belgium 70 per cent of the fowls were slaughtered during the war.

As soon as Mr. Hoover definitely decides which party he belongs to, the other won't find it hard to give 27 reasons why he can't be president.—Boston Transcript.

LIGHTS OF IMMENSE POWER

Beacon From Points on United States Coast Are Visible Twenty Miles Out at Sea.

The highest beacon light maintained by the United States for warning navigators is at Cape Mendocino, Cal., 422 feet above sea level. It has a range of 25 miles.

The brightest light and one of the most brilliant in the world is at Navesink, N. J., on the highlands at the entrance of New York bay. It is 25,000,000 candle power and its glare has been seen from 70 miles out in the ocean.

The largest lighthouse "lens" is at Makapuu point, on the island of Oahu (Hawaiian group). Its beam at night brings first news to voyagers from the United States that they are nearing the mid-Pacific archipelago. It is called a "hyperbolic." The inside diameter of the lens being about nine feet and that of the glass lantern inclosing it 16 feet.

The lens of the Navesink light incloses a powerful electric arc. But, generally speaking, kerosene is the preferred illuminant for many lighthouses.

A lens frequently is built up of glass prisms arranged in panels, the object being to concentrate the light into a beam of maximum brilliancy and range. Some lighthouse lenses are so arranged as to revolve, a contrivance of the sort, weighing perhaps 6,000 pounds, being floated upon mercury and thereby turned so easily that a small bit of clockwork actuated by a 100-pound weight will operate it.

GOT FACTS SLIGHTLY MIXED

Representative Osborne Evidently Had Not Taken Kahn Notes of Election of Sherman Statue.

One of the best speeches in the house in years came from Representative Osborne of California the day of the Peabody parade, says the Los Angeles Times. Having been one of the soldiers who marched up Pennsylvania avenue at the close of the Civil war for a final review by General Sherman, he was able to draw a beautiful and striking contrast with the return of the veterans of 1918.

At one point in the address the representative spoke feelingly of how Sherman, at the head of the column, at Fifteenth street and Pennsylvania avenue had turned on his horse and looked back at the advancing veterans.

"Thus," said Mr. Osborne, "the figure of Sherman, cast in bronze, sits today at the head of Pennsylvania avenue, as he sat that day more than 67 years ago."

The reference to the Sherman statue aroused great interest, and many were the pilgrimages made to the statue within the next few days to see how Sherman looked gazing down the avenue. But horror of horrors! It developed that Sherman was looking not toward the advancing column, but toward the White House, which stands in an opposite direction.

Now Osborne is looking for the man who placed it there.

Lava Under Ranger Field? Geologists believe that continued oil operations in the Ranger field, should they attain a depth of one mile under the surface, will prove the existence of a live lava bank, a Ranger (Tex.) correspondent of the New York Evening Sun writes. In the region of Caddo oil drillers have discovered that bits of the drills show evidences of intense heat within 6,300 feet of the surface, and the heat at that depth is sufficient to discharge shots of nitroglycerin without the use of a fusing cap.

A peculiarity of the Ranger field in Stephens county is the number of crevasses encountered in drilling through the black lime. These crevasses are filled more or less with oil-yielding sand and when this sand is "bored" the flow of petroleum rushes to the surface. Whether this rush is aided by the subterranean heat is problematical, but it is believed that the heat has a great deal to do with the rush of the oil.

Baby and His O.

Santa Claus brought an educational board to Baby Jack Warner, son of Mr. and Mrs. C. A. Warner, Jr., 3518 Graceland avenue. He took more interest in the new board than in any of his toys and after a few evenings of diligent study, with mother as instructor, he could pick out most of the letters of the alphabet. O became his favorite letter, however, and anything resembling that letter in shape was an O to him. One evening mother was asking him to point out his eyes, nose, chin, mouth, etc., which he did with much success. Finally she pointed to his ear and asked: "What is that?" After a short pause, he glanced across the room at his new educational board, and answered: "That's my O!"—Indianapolis News.

Wild Section in Southern F. men. An almost forgotten region lately pointed out by Samuel Wells to the Liverpool Geographical society is the desert lands on the Mediterranean. Here the wild beast, and a breed of buffaloes are still found, and great rocks, gorges and canyons are features of the country. The landscape caves abound in remains of the stone and bronze ages, while wonderful statuettes hang from the walls. The buildings show architecture centuries old, especially that of the Roman period.

NOTHING SMARTER FOR SPRING THAN NATTY TAILLEUR

Long, slender lines characterize this smart navy serge and the flawless tailoring makes this costume one of the most distinctive offerings of the new spring season. Its simplicity is extreme, but that only enhances its smartness. The frill of cream net which forms the revers softens the severity of the outfit and gives a note of color contrast which is effective.

SOCIAL AFFAIRS

Mrs. Earl McCoy was hostess to the members of her sewing club at her home in High street Wednesday afternoon. The next meeting will be held at the home of Mrs. Homer Lay in Twelfth street Feb. 25th.

Monday evening Mrs. Preston H. Fulk was delightfully surprised at her home four miles south of the city on the Jacksonville Pike. The event being her birthday anniversary.

Many friends and relatives enjoyed a pleasant evening of games and a ten o'clock supper was served the following: Messrs. and Mesdames Gilbert Brown, Kirby Clem, William Shannon, John Untermyer, Randall Snelling, John Ryan, Mrs. Mary Untermyer, Mrs. Herbert Neithers and son and host and hostess Mr. and Mrs. P. H. Fulk, Misses Emma Untermyer, Edna Fulk, Mary Snelling, Virginia Clem, Helen Untermyer, Martha Ryan, Messrs. Daniel Untermyer, Harold Fulk, Francis Clem, Joseph Untermyer, Allen Neithers, George Untermyer.

Misses Beese and Sue Taafel entertained with a dinner of attractive appointments at their home in East Locust street Wednesday evening for the pleasure of Mr. and Mrs. Miller Taafel (Mary Anderson). A mound of flowers centered the table and place cards of Lillies of the Valley seated the guests.

Mr. and Mrs. Miller Taafel, Mrs. George Franklin, Sr., Mr. Hooper Franklin, Miss Ethel Franklin, Mr. Rhea Davidson, Miss Cora Haughey, Mr. William Anderson, Mrs. William Weisgerber, Mr. and Mrs. David

Thompson, Misses Eva Winters, Mac Winters, Messrs. Edward Weisgerber, Elliott Lewis of Lorain, E. L. Weisgerber.

The H. P. S. club members and guests entertained with a leap year dancing party at the Elks' Wednesday evening. The young women extended the reversed courtesies, calling for their guests and sending the men flowers, arranged in attractive bouquets.

Numbers on hearts were matched to secure partners for several of the dances and a delightful program was arranged by a Granville orchestra. Punch was served during the evening, about one hundred and seventy-five.

The meeting of the Harmonious club, which was to have been held on Tuesday at the home of Mrs. Charles Cooper, has been postponed owing to the serious illness of several members of the club.

There will be a meeting of District No. 6, Ohio State Associate of Graduate Nurses, held at Bethesda Hospital, Zanesville, February 14 at 2:30 o'clock (eastern time). This district includes Licking, Noble Morgan, Muskingum, Guernsey, Coshocton and Washington counties. Miss Anna Gladwin, field secretary will re-organize the district. An election of officers will be held. A delegate to the state meeting to be held in Cincinnati in May will also be elected. All members from Licking county have been asked to attend and to join the state association which can only be done through the district.

Mrs. Homer Davis, R. N., is president of District No. 6.

Bourner-Harris.
At the home of the officiating minister Rev. Calvin G. Hazlett, Hudson avenue at 7 o'clock Wednesday even-

ing, Miss Eva M. Harris was given in marriage to Mr. Edward H. Bourner. The ring ceremony of the Presbyterian church was used. The young people were attended by Miss Marie E. Bourner and Mr. Glenn P. Harris, sister and brother respectively of the contracting parties. The newly wedded couple go at once to their already furnished home on Ninth street this city. Both are well known in the city. Mr. Bourner having been connected for some time with the Rosenbach shoe company South Park place.

The members of the T. T. W. club will dance at Assembly hall Friday, February 21. Parkers orchestra of Columbus will furnish the dance program.

In Memoriam.
In memory of my dear son Fred Stack, who died one year ago February 11, 1919.

Alas how dark a cloud,
Has gathered round the home,
Which once was gladdened by the smiles

Of one forever gone,
Low in the silent grave,
Beneath the cold, damp sod,
Lies the form of the departed,
But his spirit is with God.
Yes, to a happier home,
To the bosom of his God,
Angels have born his soul,
To his long and last abode.
By his mother, wife, brother and sisters. 2-12-11

JACKSONTOWN TO HAVE BUILDING BOOM SOON

The village of Jacksontown expects to experience a boom this spring for the United States Real Estate company has purchased 14 acres of land of Lawrence Frush, adjoining the High school and it will be platatted and laid out in town lots and will be known as the Frush addition.

An agent of the realty company made the deal and would not state what the company expected to do further than that Jacksontown was an ideal place for suburban homes and that in all probability a factory might be built to supply parts for a well known make of automobile. But, little evidence is given in the statement of account of no shipping facilities in the village.

The Power of Money

When William Payne, the banker at Bisonville, decreed that no farmer who did not raise cows as well as wheat could borrow money from him, the angry grain growers almost lynched him. But they had to do as he demanded—and today his county is an oasis in a blowaway desert, his depositors and borrowers are prosperous farmers, his bank is looked upon as the agricultural father of the whole countryside. Such is *The Power of Money for Good*. Herbert Quick, formerly a member of the Farm Loan Board, tells the story in the February 7th issue of

"The Thunderbolt." Beautiful Katherine MacDonald, celebrated screen star, returns to the Auditorium for a one-day screening in a hit that has thrilled thousands wherever presented—"The Thunderbolt," a photoplay that is said to be one of the best things of the new year. Miss MacDonald is supported by a strong cast, headed by Thomas Meighan.
A good comedy, "Pithe News," and an augmented orchestra are also promised.

New York theaters, where the capacity of the massive Park theater is being tested daily at the revivals of standard operas that were in vogue decades ago.
Realizing the possibilities in the larger cities other than New York, Ralph Dunbar, the Chicago producer, secured the touring rights of the B. C. Whitney production of the George Bernard Shaw and Oscar Straus masterpiece comic opera, "The Chocolate Soldier," and in conjunction with Reginald De Koven,

The Bird of Paradise.
One of the many charms to be found in "The Bird of Paradise," Richard Walton Tully's play of life in the Hawaiian Islands, which comes to the Auditorium next Tuesday night, is the manner in which he handles the religious beliefs and superstitions of the native Kanaka. To deal sympathetically with strange things of this sort, a writer has to comprehend the viewpoint and reasoning of the people whom he seeks to portray.
From boyhood Mr. Tully dreamed of the islands, their strange, lovable, gentle inhabitants. The customs, quaint, even in the days of Captain Cook to white eyes and understanding. And they have not changed an iota, save on the surface. Kanhoonish is still rampant; Tabu is sacred; Pele still claims her victims, despite the efforts of the missionaries and the Insular government.
Any person who knows native Hawaiian life below the surface knows

that these things always have and always will exist. It takes ages to change the temperament of a race. Compassionate understanding is what has made "The Bird of Paradise" one of the great successes of the past decade. In these days of ephemeral existence of plays, the perennial youth of "The Bird of Paradise," now in its ninth successful season, speaks volumes for the lasting merit of Mr. Tully's remarkable drama.
Seats ready Saturday.

Hitchy Koo.
Raymond Hitchcock's big musical revue, "Hitchy Koo," will be seen at the Auditorium next Wednesday. It is seldom that an attraction comes to this city direct from a run of two solid years in New York, with a guarantee that this is the original production—scenery and costumes guaranteed to be absolutely intact.

Owing to the magnitude of the production, the curtain will rise promptly at 8:15, and as one of the funniest stunts in the entire performance is said to take place in the midst of the theater audience itself before the rise of the curtain, it behooves everybody

ALHAMBRA.
"Daddy Long Legs." "Daddy Long Legs," with Mary Pickford, got a warm welcome at the Alhambra yesterday, for large crowds were in attendance all day. It is being shown today for the last time. "Daddy Long Legs" as a stage play delighted millions, and as a screen play it is keeping up to the high mark set on the legitimate stage.

Loves of Letty.
Pauline Frederick, pretty and clever, is the Alhambra star for Friday and Saturday, and is seen in the Goldwyn feature, "Loves of Letty." This is said to be a most interesting photoplay.
The Prizma subject this week is also good.

There are two fights in "A Gamble in Souls," which make this Triangle play by Lanier Bartlett, in which Thomas Ince presents Dorothy Dalton and William Desmond, one of the most sensational yet produced at the Culver City studios. One is a free-for-all battle in what purports to be a mission in San Francisco, and the other is a mighty hand-to-hand struggle between two powerful men on a lonely island.
This feature comes to the Alhambra Sunday.

Easy to Make This Pine Cough Remedy

Thousands of families swear by the
prompt results, inexpensive,
and covers about \$2.

You know that pine is used in nearly
all prescriptions and remedies for coughs.
The reason is that pine contains several
peculiar elements that have a remarkable
effect in soothing and healing the
membranes of the throat and chest. Pine
is famous for this purpose.

Pine cough syrups are combinations
of pine and syrup. The "syrup" part
is usually plain sugar syrup.
To make the best pine cough remedy
that money can buy, put 2½ ounces
of Pinex in a pint bottle and fill up
with home-made sugar syrup. Or you
can use clarified molasses, honey, or corn
syrup, instead of sugar syrup. Either
way, you make a full pint—more than
you can buy ready-made for three times
the money. It is pure, good and very
pleasant—children take it eagerly.

You can feel this take hold of a cough
or cold in a way that means business.
The cough may be dry, hoarse and tight,
or may be persistently loose from the
formation of phlegm. The cause is the
same—inflamed membranes—and this
Pinex and Syrup combination will stop
it—usually in 24 hours or less. It is good
too, for bronchial asthma, hoarseness,
or any ordinary throat ailment.

Pinex is a highly concentrated com-
pound of genuine Norway pine extract,
and is famous the world over for its
prompt effect upon coughs.
Beware of substitutes. Ask your
druggist for "2½ ounces of Pinex" with
directions, and don't accept anything
else. Guaranteed to give absolute satis-
faction or money refunded. The Pinex

MINISTERS COST LESS THAN AUTOS

World Survey Figures Reveal
How Badly United States
Is Paying Its Pastors.

MANY LIVING ON \$600 A YEAR

One of the Aims of Present Protestant
Co-operation is to End Disgrace
of Underpaid Preacher—Pen-
sions Also to Be Provided.

What are the chances of a young
man who intends to be a lawyer of
making \$3,000 a year? What are the
doctor's chances? What of the minister
or the manufacturer?
The lawyer has exactly one chance
in five. The doctor's chances are one
in seven. It is ten to one against the
manufacturer. The modern minister,
however, who formerly ranked with
the doctor and lawyer as a member of
the "learned professions," has fallen
hopelessly behind. He is a 100 to 1
shot.

These figures are part of a mass of
astounding facts brought to light by
the world survey being made by the
Interchurch World Movement and
whose sources of information are such
that many economists and statisti-
cians are availing themselves of the
results. This survey puts America's
minister at the bottom of the ladder
of the nation's income receivers—and
with responsibilities which equal those
of any captain of industry.

A worker in a silk mill, a laborer in
a rubber plant, a paper maker, a
worker in a shoe factory—all are get-
ting higher average wages, the survey
shows, than does America's minister,
city or country. Nor does the city
man receive the luxurious salary that
many persons, including many coun-
try parsons, believe he does. Not
four ministers in a thousand, accord-
ing to the survey, receive \$5,000 a
year. In no instance, whatever de-
nomination, does a majority receive
\$1,000.

Cotton Pickers Better Off.
Are you a Congregationalist? In
2,783 churches the yearly pay to your
ministers has been less than \$1,000.
Are you a Presbyterian? You are then
on the less than \$1,000 list with 6,415
ministers. In the event that you are a
Methodist the charge is that 4,719 pas-
tors are trying to exist on the \$20 a
week that you pay them. Episcopalians
do a little better, yet half of their re-
ctors receive less than the \$1,500 a year
which government economists regard
as the minimum on which a family
can be decently maintained.

The initial cost of the cheapest
"flivver" on the market is less than
\$600, but a very good, conscientious
pastor, it is shown, can be hired for a
year for that sum.

Ministers in the South are preaching,
to fifty or more cotton pickers who in-
dividually are paid more for picking
cotton than their entire neighborhood
pays to the preacher in a year.

One of the aims of the present co-
operation of the world's Protestant de-
nominations is to end this disgrace of
the underpaid minister. With univer-
sities, business houses and municipali-
ties daily taking action to provide for
the comfort of their workers, the
church is to keep pace with the times,
and to arrange not only for adequate
pay for its workers, but to provide
pensions for those no longer able to
work.

It is to move the public to prevent
unfavorable comparison of pastors and
puddlers. Until then, as for a puddler
swapping jobs with a pastor drawing
an "ordinary" salary—never! The
lowest salary paid to pastors is lower
than any wages-paid in the entire steel
industry.

City Folks Becoming Wanderers Due to Increasing Cost of Homes

More Than 54 Per Cent of Nation's Population Are Paying Rent. Interchurch
Survey Shows—New York City Leads Country. With 97 in Every
100 in Manhattan Giving Monthly Tribute to Landlord.

The housing problem in many Amer-
ican cities brings with it a church
problem.
The high percentage of rented
homes—54 per cent of all residences
in New York, for example, and 97 per
cent in the borough of Manhattan—
means many migrant families. And
investigations of the Interchurch
World Movement show that too often
the family moving out of the territory
of its church fails to transfer its mem-
bership to another congregation in
the new neighborhood.

The church letter, like the army
cat, is left behind. If the church had

THIS THE MOMENT OF MOMENTS TO GAIN SPIRITUAL UNITY

By DR. JOHN R. MOTT.

DR. JOHN R. MOTT.
Chairman Executive Committee Inter-
church World Movement.

This is the moment of moments for
us to find our unity, our spiritual soli-
darity, without sacrificing our diver-
sity and that which is most distinctive
to each of our communions and which,
by the way, is the choicest posses-
sion we have.

The reason why we of each denomi-
nation most value that which is dis-
tinctive to us is not simply because it
is ours, but because we honestly be-
lieve it is the truth. It is our choicest
possession. Without sacrificing our
distinctiveness we want to realize our
unity and solidarity as we gather
round the figure of our Lord with open
minds, responsive hearts and, I would
say, hair-trigger wills—by that I mean
wills that are eager to leap into action
when we see a clear path.

LATIN AMERICA LOOKS TO U. S. AS LEADER

Expert of Interchurch World Move-
ment Says Old Prejudice
Is Vanishing.

By SAMUEL GUY INMAN,
Of the Interchurch World Movement.
We must give to Latin America
some of the finest of our civilization.
Once there was a prejudice against
the United States in South America.
Now South Americans are looking to
America to save the world.

The program of the Interchurch
World Movement is to strengthen the
schools and churches and to establish
hospitals and social centers. This pro-
gram meets with the approval of Latin
American leaders. It is based on
friendly relations between equals.
There is no condescension on our part.
For Latin Americans have an older
civilization than ours and an intelli-
gence equal to any in the world. They
simply have been away from modern
thought. Latin America is a forward
looking land. The most remarkable
development of the twentieth century
undoubtedly will take place there.

The war has made remarkable
changes in our relation to South
America. Before we had not a single
bank in South America. Now we have
twenty. One-third of our shipping ac-
quired during the war goes to South
America. And our other relations
have changed equally.

BAD COUGH; NIGHT SWEATS; LOST WEIGHT

Mr. Coleman thought his time
had come. But he's well now.

"I was taken with a dry, hard cough
about 6 months ago. Finally I got so
sore across the chest I could hardly
breathe; had night sweats so bad every-
thing would be wringing wet, and
coughed continually until I thought it
would kill me. No appetite, spent
over \$100 on doctors and medicines, and
was worse off than when I started.
"The first bottle of Milks Emulsion
did me more good than all the \$100
spent for other treatment. It soon gave
me a good appetite, my cough left me,
and I have regained the flesh and
strength I had before I was sick."
Arthur Coleman, Box 391, Helena, Ark.
You need an appetite, a good stomach,
and some real strength if you want to
fight off disease. Give Milks Emulsion
a trial at its maker's risk.
Milks Emulsion is a pleasant, nutri-
tious food and a corrective medicine. It re-
stores healthy, natural bowel action, dis-
poses away with all need of pills and
physics. It promotes appetite and quick-
ly puts the digestive organs in shape to
assimilate food. As a builder of flesh
and strength, Milks Emulsion is strong-
ly recommended to those whom sickness
has weakened, and is a powerful aid in
resisting and repairing the effects of
wasting diseases. Chronic stomach trou-
ble and constipation are promptly re-
lieved—usually in one day.
This is the only solid emulsion made,
and so palatable that it is eaten with a
spoon like ice cream.
No matter how severe your case, you
are urged to try Milks Emulsion un-
der this guarantee—Take six bottles
home with you, use it according to di-
rections and if not satisfied with the results,
your money will be promptly refunded.

A SIMPLE, PLEASANT INFLUENZA PROTECTION

In addition to eating wholesome foods
and getting plenty of sleep, the most
important precaution you can take is
to keep your digestive organs free and
clear of all impurities. Influenza germs
are so prevalent that we do know
when they may get into our system
with the very air we breathe or the
food that we eat. Parotol, the factor
in Candy Form, is ready to help you
keep your intestinal tract free of dis-
ease germs and remove the waste that
endangers health. Parotol is a deli-
cious peppermint candy laxative that
has an antiseptic cleansing action in
the vital organs that goes a long way
toward being a protection against germs.
Parotol is good for every member of
the family and is the favorite of thou-
sands throughout the country. Why

Hudson avenue for his duties at Colum-
bus by the first of the week.

Birth Announcement.

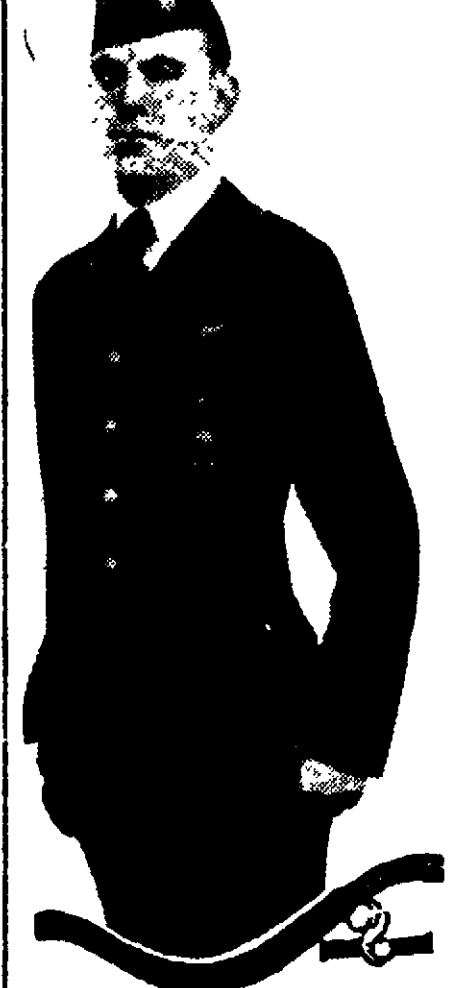

Mr. and Mrs. Fred Giorgetti, of 45
Hazelwood avenue, announce the birth
of a son, February 12.

Living Creatures That Are Immortal.

In the Protozoa, as Weissmann and
others have pointed out, the recupera-
tive processes are so perfect that nat-
ural death need never occur; the stable
mortal parts of the colloidal substrat-
um can be reduced and restored piece-
meal, and the creature never grows
old. It is probable that the same is
true of a simple animal like the fresh-
water hydra, which may also be cred-
ited with immortality.—New York

Capt. Claude R. Collins.

The dapper young chap above,
Capt. Claude R. Collins, president of
the aviators' club of Pennsylvania
and international licensed pilot, has
volunteered to attempt the trip to
Mars in a rocket. Prof. Robert H.
Goddard of Clark college is said to
have perfected a multiple-charged,
high-efficiency rocket which he be-
lieves can be shot into the unknown
regions and possibly to other planets.
Collins would make the trip in the
rocket in the hope of obtaining valu-
able scientific data.

be held here the week of June 7th.

This action of the management and
owners of this play house is appreci-
ated by the local men E. J. Miller, said
today.

WILL SURVEY SITE OF
PROPOSED TRESTLE

County Surveyor Clyde W. Irwin will
have a force of men out on the Colum-
bus road just southwest of Granville to-
morrow, figuring on the elimination of
the grade crossing of the T. and O. C.
railroad. He had previously taken the
matter up with the state and the rail-
road company and they are in favor of
the improvement.

Surveyor Irwin is also arranging to
take up the matter of the elimination of
the grade crossing just west of Union
Station by building a subway. This
is also a dangerous crossing, and the
improvement would be welcomed by
everyone having occasion to use the
road.

Charles street has been feeding a lone
robin who has been coming to her
home for the past week and chirping
his arrival yesterday afternoon Mrs.
Woodside heard him and went to the
door and was surprised to find that he
had brought along a number of friends
and evidently wanted to give them a
party for they all hopped about in ex-
pectancy as if they knew a feast awaited
them. While they were eating Mrs.
Woodside tried to count them and
stated there were about 40 in the flock.

SCHOOL WORK HERE SHOWN IN MAGAZINE

The School Arts magazine in its issue for February in a department headed "Good Ideas from Everywhere," gives considerable attention to the work of the sixth grade students at the Hudson Avenue school. The work of the students which is explained is decorated flower pots and the magazine uses a two column cut showing the pots. Credits for the display is given Miss Maud Stadden teacher and Miss Edith McCoy, supervisor.

Improving the Lashes.
If your lashes are thin and scraggly and do not grow properly your eyes will become inflamed for the lashes are a protection for the eyes. You cannot have a luxuriant fringe of eyelashes if you do not keep your eyes and lids in a healthy condition. If the eyes are weak and strained the lashes are generally irregular, with bald spots here and there.

So the first thing you have to do to acquire a desirable fringe over the eyes, is to keep the eyes themselves as free from strain as possible. Just before you retire at night, and again in the morning, bath the eyes in boracic acid solution, using an eye cup for this treatment.

The growth of the lashes is greatly improved by clipping them at regular intervals for a few months. As the task requires a firm hand it is easiest done by another, yet, if necessary you can do it yourself. Only the tips should be clipped and the work should be done with a pair of sharp, curved scissors.

For inflamed lids and short, scant lashes, yellow vaseline is one of the best applications. Melt a little of the vaseline dip the point of an orange wood stick, about which a tiny wad

of cotton is wrapped, into this and rub gently along the roots. Apply the vaseline at night and allow it to relieve any soreness gradually. Be careful that not the slightest particle of the vaseline enters the eyes as the oil will irritate it.

A pernicious habit is that of rubbing the eyes. Almost invariably, when you rub them, you remove an eyelash. Bathe the eyes, instead of rubbing them, when they feel irritated.

Our Boys and Girls

Great care should be used if your baby is a bottled baby that all the bottles are well washed. There must be a bottle for each feeding whether there be one, two, or seven feedings a day and one extra bottle to spare in case of an accident. Then, at one time during the day, preferably in the morning, the bottles must all be cleaned and sterilized.

No matter how admirable the formula selected for your baby, if the bottles and utensils are not clean trouble will surely come. Now a word as to nipples. Buy them in half dozen lots. Wash the inside and the outside with a solution of boric acid, rinse and keep on a clean saucer covered with a glass. Every other day, they may be sterilized or boiled in fresh water.

There should always be a separate set of utensils for use in preparing the baby's food, including a graduate or measuring glass, a stone or enamel-ware pitcher, a tablespoonful, a funnel, a cream dipper for measuring off the top of the milk, a quart jar for holding the boiled water or the cereal water used in modifying the milk, a bottle washer and a large preserving kettle with a cover in which to sterilize the bottles. All of these should be kept in a special corner of a cupboard and kept from dirt or dust.

Perhaps Congress reasons that the longer European relief measures are delayed the fewer mouths there will be to feed.—Chattanooga News.

SEVERE WINTER MAKES BALMY WEATHER AT SOUTHERN RESORTS THE MORE INVITING

Mrs. T. H. Mack, at left, and Mrs. Leo F. Mullin at Palm Beach.

While these two society leaders from Detroit are sunning themselves on the warm sand at Palm Beach news dispatches in papers to be purchased at the beach tell of more snow and storms for their home city. The unusually severe winter has made the southern pleasure resorts doubly alluring this season, managers report.

OIL PRODUCTION IN 1919 INCREASES 24 MILLION BBLs.

More Than 366 Million Barrels Are Produced During Year Oil Paper Review Says.

The apparent petroleum production in the United States during 1919 was 366,255,411 barrels, according to the yearly review of the Oil-City Derrick of Oil City, Pa. The figures are based on pipe line receipts from wells of oil fields that are reported monthly, estimates of lines whose reports are not published, and estimates of tank car shipments from such fields as have not regular pipe line service.

The total is an increase of 24,331,314 barrels over 1918, when the total was 341,924,097 barrels, a gain of little more than 2,000,000 barrels a month. The increase is in the same ratio as for the last 20 years. The showing is a new high record in the yearly petroleum output of the United States.

In the Pennsylvania, West Virginia and Southwestern Ohio fields 19,104,046 barrels were produced in 1919 as compared with 19,158,356 in 1918. The divisions which showed gains in their production for 1919 over the previous year were North Central Texas, North Louisiana, Gulf Coast, Kentucky, Wyoming and the Lima district. The largest loss was in Kansas, 15,000,498 barrels. The big increase naturally came from the new fields of Northern Texas, 33,455,829 barrels more than in the previous year.

GRANVILLE

(Special to the Advocate)

Granville, Feb. 12.—Mrs. Theodore Johnson, who was to have entertained the campaign committee of the Y. W. C. A. at her home this afternoon, has been obliged to postpone the meeting until the first of next week, owing to illness of several members and a conflict of engagements among others.

The classes in "home hygiene" successfully begun by Mrs. Frank Ray at the Granville high school, have been interrupted by the closing of the school on account of the flu. The nursing

classes held in Red Cross headquarters are going on with their lessons under Mrs. Ray's direction. Mondays and Wednesday afternoons and evenings. Those desiring to enter should apply to Mrs. Ray by letter, or in person.

The meeting of the Granville Grange, to have been held Friday evening, has been postponed until further notice, due to the illness of the master, Wilkin Jones and other members.

The meeting of the Philathea class of the Baptist Sunday school, which was to have been held on Friday evening at the home of Miss Ruth Hopkins, has been postponed on account of the prevailing malady.

Prof. F. G. Detweiler entertained the men's Bible class of the Baptist church Wednesday evening at his home in Broadway. Plans for a church supper to be given by the men for the church on February 20 were perfected, and business gave way to social entertainment when refreshments were passed by the hostess.

The Fortnightly club met for its regular meeting Tuesday evening at the home of Mrs. C. D. Coons in East Broadway. Miss Dora Howe read a paper on "Armenia" prepared by her mother, Mrs. William Howe. Mrs. Dehlin gave a paper on "Women as Ministers." Mrs. Everett presented "Current Events" and Mrs. Coons enlarged the program by giving two songs composed by her sister, Mrs. Asher, "A Spring Song" and "The Storm."

Mrs. John Geach entertained the winter picnic club Wednesday evening at her home in Granger street with a costume party at which were presented "Among Other Notable Guests," "The Jester," "Tim Murphy," "Jerush Scatterbrain," "Senorita Garcia," a ballet and two Hawaiian girls, and ladies of distinguished appearance who announced no names.

Mrs. Gertrude Carpenter has been served at 6 o'clock in the dining room out of town guests being Mrs. J. B. White of Philadelphia, Pa., and Mrs. John Haine of Rainelle, W. Va.

Edson Rupp, who has been ill for several days at his home in North Pearl street is reported as better today.

Mrs. C. D. Coons is ill with tonsillitis and under the doctor's care.

Mrs. Carpenter has rented her house in East College street to Mr. and Mrs. Harry G. Miller.

Mr. and Mrs. L. J. Tipton of Bellaire, who spent a few days this week with Mr. and Mrs. Wright and other relatives in Granville, have returned to their home. Mrs. Tipton formerly was Miss Faye Jones, a bride of the holidays.

The Boy Scouts on Wednesday chow and used to be. Edson Rupp, who has been ill for several days at his home in North Pearl street is reported as better today.

The executive board of the Red Cross public health service, will hold its monthly meeting Friday in Red Cross headquarters. The hour has been changed to 2:30 p. m.

INCOME TAX MAN TO BE HERE NEXT MONDAY

Get ready with your income tax figures.

Everyday Etiquette

"I have received a wedding invitation from a friend whom I only slightly know. Shall I have to send a gift?" asked Maud.

"It is never obligatory to send a wedding present. The wedding invitation is suggestive of such gifts, but whether one is invited to the ceremony or not one is perfectly free to do as they like about sending a gift," said her mother.

BLACK RUN.

Rev. Mr. Koppert filled his appointment at the Valley Sunday morning.

Mr. and Mrs. J. A. Moore were Newark callers today.

Mrs. Emma Varner and Mrs. O. E. Booth spent Sunday afternoon with Mrs. Molly Beckford.

Mr. and Mrs. Milligan Dunn and son Edie spent Sunday at the home of Nell McKee.

Carlie Dunn spent Monday in Free exchange.

Mell McKee called on Amos Martin Sunday.

Mr. and Mrs. A. E. Divan and Mr. and Mrs. J. A. Moore attended the funeral of Mrs. Mossholder at Mt. Zion, Monday.

QUICK RELIEF FROM CONSTIPATION

Get Dr. Edwards' Olive Tablets

That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel.

Dr. Edwards, a practicing physician for 17 years and calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers.

Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing vegetable laxative.

No griping is the "keynote" of these little sugar-coated, olive-colored tablets. They cause the bowels and liver to act normally. They never force them to unnatural action.

If you have a "dark brown mouth," bad breath—a dull, tired feeling—sick headache—torpid liver—constipation, you'll find quick, sure and pleasant results from one or two of Dr. Edwards' Olive Tablets at bedtime.

Thousands take them every night just to keep right. Try them. 10c and 50c.

SIMPLE COMBINATION HELPS WEAK EYES

Newark people are astonished at the quick results produced in simple witch-hazel, camphor, hydragric, etc., as mixed in Lavotik eye wash.
